

**Remarks**

In the discussion set forth below, Applicant does not acquiesce to any rejection or averment made by the Examiner unless Applicant expressly indicates otherwise.

In a phone call of September 22, 2008, Applicant confirmed with the Examiner that claims 21-29 are in condition for allowance, that the final rejections involving claims 1-20 are maintained, and that claim 30 was not entered. Applicant maintains the traversals of the rejections as argued in the Response dated July 22, 2008. Without acquiescing, and without prejudice or disclaimer, Applicant hereby cancels claims 1-20 to place the application in condition for immediate allowance. Applicant reserves all right to present the subject matter of any cancelled claim in continuation applications.

In view of the remarks above, Applicant believes that the application is in condition for allowance. Should there be any remaining issues that could be readily addressed over the telephone, the Examiner is asked to contact the agent overseeing the application file, Peter Zawilski, of NXP Corporation at (408) 474-9063.
